

The Job Discovery Programs are a partnership between the Clark County School District (CCSD) and Opportunity Village.

This partnership was formed to provide intensive vocational training in a natural working environment to CCSD students who require additional vocational training to become successfully employed.

JDP is provided in partnership with:

JOB DISCOVERY PROGRAM

Transitioning into the world of work

What is JDP?

JDP (Job Discovery Program) is a job training program designed to prepare students for the expectations of a job in several different environments.

Students train in a group setting with an Opportunity Village training instructor.

The program runs for six hours per day and adheres to school district holidays and scheduling. Training does continue throughout the summer. JDP I students rotate between sites approximately every nine weeks. JDP II students do not rotate sites and are assigned a site based on their zoning area.

Who is ready for JDP I?

A student who...

- Is currently enrolled in CCSD with a current IEP and is credit ready to graduate with an Option 2 diploma.
- Has demonstrated regular attendance
- Is independent with his/her nutritional, hygiene, and medical needs
- Demonstrates the ability to stay in an assigned work area and stay on task with minimal assistance

Who is ready for JDP II?

A student who also...

- Is capable of working independently
- Consistently exhibits appropriate work place behavior

JDP Training Sites

JDP is comprised of multiple, varied training sites where students are given the opportunity to develop and improve their vocational skills in several areas.

Across all sites, students are trained in work-appropriate socialization, task completion, punctuality, and appearance.

students are provided a free lunch every day they attend training.

Job Placement Services

Students participating in JDP II also receive job placement and follow along services once they are placed in their job.
